

<b>Date of Bulletin:</b>	March 20, 2023
<b>Notice #:</b>	CCBFTR02108
<b>Audience:</b>	Carrier, IXC, Wireless, CLEC, ISP
<b>Subject:</b>	Site Survey Date Indicator (SSDI) Guidelines
<b>Date Effective:</b>	March 19, 2023

Effective March 19, 2023, with the ASOG 66 System Upgrade, the following new fields are supported by Frontier:

Form	Field Name	Field Description	Field Purpose
ASR	SSDI (PRILOC)	Site Survey Date Indicator (Primary Location)	Indicates the customer's desired site walk date at the primary location site.
ASR	SSDI (SECLOC)	Site Survey Date Indicator (Secondary Location)	Indicates the customer's desired site walk date at the secondary location site.

The SSDI field is an optional field. When populated, the following guidelines should be utilized:

- The date populated should be a minimum of 2 to 5 business days after order submission.
- The end-user should be aware that Frontier will be in contact to schedule and conduct the site survey.
- If the SSDI field reflects a past date, Frontier will disregard the date.

Frontier will schedule a site survey with the local contact (LCON) based on end-user readiness and availability.

If you have questions regarding the information provided in this notice, please email [Carrier.Notifications@ftr.com](mailto:Carrier.Notifications@ftr.com).
