2.4.1 Application for Service

The Company's obligation to furnish the telephone service is dependent upon its ability to procure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits.

2.4.3 Initial Contract Period

A. General

1. Except as hereinafter provided, the initial contract period for exchange service and facilities is one month.
2. The length of contract period for extra directory listings and joint use service, where the listing actually appears in the directory, is the directory period.

B. Termination by Customer

Service or facilities may be terminated by the customer at any time, subject to payment of full charges for the period service is rendered, except that, if termination occurs within the initial contract period, charges apply for the full initial contract period.
